

Urban Adventure Summer Program

Transformational Learning Experiences Since 1986

Urban Adventure

Fulcrum's Urban Adventure Summer Program will develop your child's leadership and teambuilding skills and all in a fun and safe environment.

Fulcrum has been providing transformational learning experiences for youth for over twenty years. Our Summer Camp provides kids the opportunity to take a closer look at their everyday environment through experiential educative activities.

Leadership & Teambuilding:

The Urban Adventure program is specifically designed to bring participants step by step through a problem solving, conflict resolution model that will provide countless opportunities for practical use in the world.. Fulcrum will provide opportunities for children to take charge and practice leading their peers.

Nature: Day trips to Temescal Canyon or hiking up to the Baldwin Hills Scenic Overlook provide convenient access to nature. These urban wilderness settings allow participants to push their boundaries in an emotionally and physically safe environment managed by the Fulcrum staff.

Technology/Art:

Art exists all around us, but it is often overlooked. How about a giant public art scavenger hunt to find different examples of murals, statues about history and geography while documenting with your very own digital camera?

To register:
Go to www.fulcrumadventures.com/camp or call 310.452.7992
